

Letter to Parents

Dear Parent:

We are so please that you have involved your children in our ministry. Its parents like you, who want to give their children every opportunity to succeed, that make our organization a success.

We know that your child's safety is of utmost importance to you, and we want to reassure you that it is of the utmost importance to us as well!

Now that we have moved our facility downtown, we feel the need to set some additional safety precautions for the students of KICKS.

We are now requiring that all parents or guardians of students bring their child upstairs to the gym and sign them in to class. You are free to stay and watch your child at this time, or if you need to leave, we understand. We are also requiring that you pick them up from the gym upstairs when class is over. We understand that parking is sometimes difficult in our location, and it can be an inconvenience, but due to the surroundings, we feel it is necessary. If your child is carpooling with other students, please have the driver initial next to each child's name that they brought them up to the gym and that they picked them up.

The doors to our facilities are unlocked and at no time will children be allowed in the downstairs Church area unattended, so please make sure your child has used the restrooms downstairs, if necessary, before bringing them up to class. We know that special circumstances arise and we will escort your child if they need to use the restroom, it is just difficult for instructors to leave the class to accompany them.

Thank you so much for your understanding in these safety issues and we look forward to another great year at KICKS!

Mr. Welch
